***Internal Wall Insulation***

## **Introduction**

Internal Wall Insulation is a new way to save money on your heating bills. The insulation is placed internally inside the property and is placed on external walls. It is placed on external walls as this is source where most heat is lost.

The insulation which is manufactured by British Gypsum will be fitted by specialist and trained operatives to meet PAS 2030 Standards. PAS 2030 is the specification of requirements set out by the Department of Energy and Climate Change.

In addition to this, you can rest assured that your insulation system will provide great thermal performance for many years to come as each internal wall insulation system comes with a 25-year guarantee. This Guarantee is valid whenever one of our IWI systems is installed by a Solid Wall Insulation Guarantee Agency (SWIGA).

## **Benefits**

- 1) Insulation Is Completely Free of Charge
- 2) Save Money on Your Heating Bills
- 3) Smooth Plastered Finish
- 4) 25 Year Guarantee
- 5) Increase Value of the Property

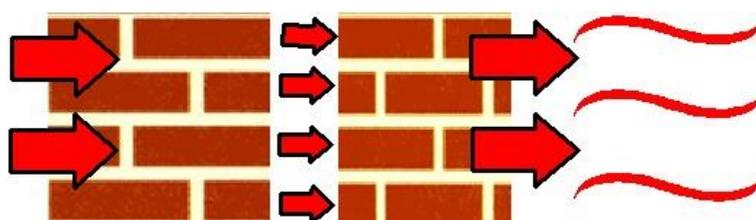

Overall keeping your house warmer for cheaper.

## **Order of Works**

- 1) Survey of The Property
- 2) Preparation for Boarding (Sockets and Skirting Boards) Removed from Walls
- 3) Insulation Boarding Begins
- 4) Plastering Works
- 5) All Sockets and Skirting Boards (Anything Else Removed in Preparation) Refitted

## **Summary**

We have installed many properties to date with very positive feedback with the standard of work by our operatives. Also, the difference our customers can see once fitted is evident in the cost of their heating bills reducing significantly and their house feeling a lot warmer especially in the colder months.

**Up to 35% of a homes heat is  
lost through un-insulated walls**

# Testimonials

---

"We have recently had our Internal Wall Insulation completed by LMF Services. The work was completed to a very high standard and the team were very professional. We are already feeling the benefits and are looking forward to seeing the reduction in our energy bills."

*Mr S Cleaver – Plymouth*

---

"We were very happy to learn that we were entitled to a government grant to have our home insulated and our old Electric Storage Heaters replaced. The whole job was completed within 10 days of our initial call and we couldn't be happier with the work. We didn't have to pay a penny."

*Mr and Mrs Brown – Pembrokeshire*
